Greatest of Care

Should be Exercised With
The Eyes.

Many cases have come to my notice where people have been duped by men here today and somewhere else tomorrow, which fact leads me to advise all persons needing attention given to their eyes to submit their cases to the resident Eye Specialist, who is known to all and who is here all the time to look after all his cases.

Very Respectfully,

J. T. Johnson.

ANOTHER CROSSING ACCIDENT.

Vestibule Kills A Horse and Smashes a Buggy at South Elm Crossing.

As a result of the Southern's crossing gates being out of working order an accident, in which a horse was killed and two people miraculously escaped the same fate, occurred at the South Elm street crossing last night. Mr. Albert Rayle and his sister, Miss Etta, were driving to their home in South Greensboro from the northern part of the city, where they had spent the evening with friends. When they reached the crossing at about 11:50 o'clock the gates were not down and taking this for a signal of "no danger," they started across. Just as the front wheels of the buggy reached the main line track, the vestibule, which being behind the new depot, they had failed to see, crashed into the vehicle and smashed it to pieces.

Miss Rayle jumped out and escaped unhurt and Mr. Rayle, who is a cripple, escaped with only a small gash on the head. The horse had one foot cut off and was otherwise badly injured. It was seen that the animal must die and to relieve its suffering it was shot by Officer Pearce.

When the gates will not work it is supposed that the crossing watchman will notify passing vehicles with a flag when there is danger. Whether the watchman tried to do this last night is not known, but if he did, Mr. Rayle failed to see him. Had the vestibule come in as fast as it sometimes does, the occupants of the buggy would certainly have been killed.

THEY MADE NO TROUBLE.

Passing Soldiers Were Not The Rowdies Expected

Chief of Police Rees was notified last night that the Two Hundred and Third New York regiment would pass through, over the Southern, in three sections during the night. The notice was from the Southern officials here, saying that the soldiers had raided the dispensary at Blacksburg, S. C., and requesting that the entire police force be ordered to the depot, as trouble was feared. In accordance with the request both the night and day forces were stationed at the depot ready for battle. The first section came in at 1 o'clock. The soldiers were very orderly and showed no inclination to raise a disturbance.

From the Charlotte Observer it is seen that the men were orderly there, also. Those on the second section said that the regiment had a good reputation and that the dispensary at Blacksburg would not have been raided had the men been waited upon fast enough. They thought that rather than miss the whiskey the men took what they could reach and rushed to the train.

Complaint of Sugar Planters.

Havanna, April 3—Sugar planters have appointed a committee to go to Washington to explain to President McKinley that, if mortgages are foreclosed on estates or an attempt made to collect interest at present, great distress and injustice will be caused. Gomez advised this move and will write to President McKinley explaining the situation.

Among the officers of Gomez's staff it is said that if the assembly maintains its present attitude, General Brooke will have to issue a decree ordering the disbandment of troops and declaring that, after a fixed time, all retaining arms will be treated as bandits.

A PROCLAMATION ISSUED

To The Inhabitants Of The Philippine Islands.

THE UNITED STATES' INTENTION

Toward Them Is Assured By The Philippine Commissioners To Be The Kindest Possible.

By Cable to THE TELEGRAM.

Manila, April 4—The proclamation of the United States Philippine commissioners just issued assures the Filipinos of the cordial go and will and fraternal feeling of the people of the United States. The sole aim and object of this American government, apart from the solemn obligations assumed toward the family of nations by our acceptance of sovereignty over the Philippines, is the well being and prosperity of the inhabitants. The kindly purposes of the American government have been misrepresented to some of the inhabitants of certain islands, in consequence of which our forces, which are friendly, have been openly attacked without provocation. The commissioners state that the supremacy of the United States will be maintained, but the people will be granted the most ample liberty and self-government, a reconcilable administration of their own affairs, and civil rights. Protection in their religious freedom is guaranteed them, and all have the assurance of equal standing in the eyes of the law. Schools will be established and reforms in all branches will be effected.

RAINY SEASON APPROACHING.

Washington, April 4—The war department officials look upon the approaching rainy season as likely to be an important factor in determining the character of the operations in the Philippines for the next six months. It begins in June, but General Oiler, it is generally believed, will be able to complete his present campaign before the rainy season opens. He will confine the operations afterwards to holding the ground already won and awaiting the dry season for another period of active operations.

THE MONEY MAY COME BACK.

Unless The Cuban Rolls are Procured Quickly.

Washington, April 3—The Cuban assembly must very speedily decide upon the proposition of the United States government to pay that \$3,000,000 to the Cuban troops. It was said today that the entire matter is in the hands of Secretary Alger. He has already conferred with General Brooke, and before leaving Havana fully acquainted with the military governor with his views so that the latter is competent to act at a moment's notice. If the muster rolls of the Cuban army are not promptly surrendered by the assembly General Brooke will order the \$3,000,000 returned to the United States.

Probably the government will also feel that it is warranted in withdrawing the support in the matter of rations it has been extending these soldiers, in view of what amounts to a practical declaration on the part of their officers as represented by the Cuban assembly to accept the terms held out by the government. The officials here are rather puzzled to know why the assembly is inclined to rely on some unknown syndicate, as against the formal pledges of the United States.

Dr. Tracy Will Stay.

Last night Dr. Tracy lectured to the intelligent audience assembled at the academy of music upon the subject, The Relation of a Woman to the Drink Curse. The audience was charmed by the beauty of his word pictures, convulsed with laughter at the ludicrousness of the errors of life, and inspired to follow the highest standards of right living by the power of his eloquence. At the close Mrs. Rauch sang the song, Where Is My Wandering Boy Tonight, as the lantern told the story. The doctor then illustrated a tragedy in four acts, and the audience was dismissed.

Tonight will be delivered the first logically illustrated lecture of the course. There will be an hour and a half with the lanterns and the microscope. The subject is, The Mississippi of Intemperance or the River of Death. Over a hundred illustrations will be thrown upon the screen. As a prelude to the lecture all about the destruction of the Maine will be illustrated. All who will give more than a dime will occupy the lower seats.

Card From Mr. King.

Editor of the Telegram—If your belief that there are influences at work to kill the bond issue, and thereby prevent the possibility of city ownership of the city water works and lighting plant, is well founded, same will not doubt be a surprise to the public and the owners of the water works.

While the water company is not anxious to sell, it has at all times been perfectly willing to at a reasonable price, and this the city is and should be willing to pay. Under the city franchise, as we understand, the city had the option at the end of the first ten years of the life of the company, to buy, with a like privilege at the end of each succeeding ten. Notwithstanding the city let the first option pass, and the time for the second has not arrived, still the company has signified its willingness to waive this. The company thinks it would be a wise thing for the city to buy the works, as the property is a good one, and improving each succeeding year; and because the value is increasing each year, is not anxious to, but will sell at a fair price, and we understand the city authorities are anxious to buy on such terms. The question then is, Who is behind these "influences"? We trust you will prosecute your "clue" to a successful find, and let us know who it is, that we may ascertain what his interest in the matter is and why the "influences."

Yours truly
R. R. King, for Water Co.

CAROLINA 7: LEHIGH 5

Third and Last Game Won by U. N. C. Team at Winston.

The University of North Carolina and the Lehigh University baseball teams took breakfast at the Benbow this morning and left on the 8:10 east bound train, the former team returning home and the latter going to Durham from Winston, where they crossed last yesterday. It was the third and last game and judging from the score was the most exciting of the three, the victory going to Carolina by a score of 7 to 5. Carolina was shut out until the fifth inning when they made up for lost time by scoring 4. The attendance was 500. The Carolina boys are jubilant over their series of victories and feel ready to tackle anything.

One of the nearest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under \$1.50 or \$2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our \$1.25 vic Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. SENATOR JONES IMPROVED.

His Physicians Have Hopes of His Complete Recovery.

SHOULD BRYAN BE NOMINATED.

No Plan Is As Capable of Leading the Democratic Party to Victory as the Arkansas Senator.

Washington, April 4—Senator Jones, of Arkansas, who has been quite sick for some time, has much improved, and his physicians and friends now have hopes for his complete recovery. This intelligence is gratifying to the friends of Senator Jones, and will also be important to the democratic organization of the country. A short time ago it was apprehended that the Arkansas senator might not be in sufficient health to again take charge of the active work of the democratic campaign. If he fully recovers, however, it is safe to predict that in the event of the renomination of Bryan for the presidency, Senator Jones will again be selected as national chairman, and there is no man in the democratic organization who is as capable of leading the democratic party to victory as the senator. Senator Jones is, as he has always been, a staunch friend to bimetalism, and in spite of the predictions of a section of the democratic press that silver will be set aside in 1900, he is firmly convinced that to do so would be political suicide.

He believes, however, that with Col. Bryan as the candidate against a strong campaign can be made. While the senator is not willing to predict Bryan's election this early, not being given to political prognosticating so many months in advance of the presidential election, he is convinced that if Bryan and silver are set aside as the democratic tenet, the defeat of the party would be made absolutely certain. As soon as he is able Senator Jones will probably leave for his home at Washington, Arkansas. As this year is an "off" year in politics, the senator will not take up active political work at this time, but will reserve his strength for the campaign of 1900, which will be one of the most momentous in the history of the nation.

Senator Daniel, of Virginia, was among the well known southern men in Washington Monday morning, having come over from Lynchburg on business of interest to his constituents. The senator's visit has no reference to the political situation in Virginia and he refuses to discuss the question of holding a primary election for the nomination of the United States senator to succeed Senator Martin. Governor Russell, of North Carolina, is in the city for a few days' stopping at the Ebbitt House. The governor is here attending to business of interest to the state before the executive departments. The governor would not predict the chances for ratification of the amendment to the state constitution limiting suffrage in North Carolina. The governor was seen at the Ebbitt House, and stated that there is no politics connected with his present visit to Washington. He will return to the state within a few days.

Among North Carolina people in Washington is Mrs. J. H. Forre, who is accompanied by her daughter Miss Mary. The ladies are stopping at the Metropolitan Hotel.

A large crowd is expected to go over to Arlington next Thursday to witness the interment of the heroes of the Spanish war. The funeral will be according to full military honors, and President McKinley and members of his cabinet will attend.

Mr. John Price, of Greensboro, was at the Metropolitan Hotel yesterday. He was accompanied by a friend. Mr. Price is in the city on personal business.

Postmasters have been appointed in North Carolina as follows:

Left, Transylvania, Julia A. Whitmire; Merchant, Gates, J. L. Williams; Mint Hill, McKelburg, W. B. Eslinger; Monroeton, Rockingham, U. Robert Griffin; Myatt Mills, Wake, Junius W. Denning; Pheney, Mitchell, Reid, Queen; Rockspring, Orange, Minnie Sykes; Thompsonville, Rockingham, John L. Kersy; Vance, Iredell, W. W. Carter; Willardville, Durham, R. L. Umstead; Winston, Parson, James V. Winstead.

F. L. Faison, of Raleigh, North Carolina, is at the National hotel.

Mrs. J. A. Leonard Dead.

Mrs. J. A. Leonard died at 11 o'clock yesterday morning at her home on Mendenhall street, after a long illness. She leaves a husband and several children to mourn her demise. The funeral services will be held at Springfield, near High Point, tomorrow at 10 o'clock and the interment made in Springfield cemetery.

KIPLING THANKS THE PEOPLE.

For Sympathy, Affection and Kindness in His Recent Illness.

New York, April 3—The following letter of thanks has been written by Rudyard Kipling:

"Hotel Grenoble, 'Easter Day, 1899.
"Dear Sir: Will you allow me through your columns to attempt some acknowledgement of the wonderful sympathy, affection and kindness shown toward me during my recent illness, as well as the unfailing courtesy that controlled its expression? I am not strong enough to answer letters in detail, so I must take this means of thanking, as humbly as sincerely, the countless people of good will throughout the world who have put me under a debt I can never hope to repay. Faithfully yours,
"Signed Rudyard Kipling."
"Mr. Kipling got out of bed yesterday for the first time since his illness. He is well on the way toward complete recovery."

LYNCH LAW IN GEORGIA.

Sensational Report Submitted to a Baptist State Convention.

Savannah, Ga., April 3—At the Georgia State Baptist convention which closed here tonight, Judge George Hillyer, ex-Mayor of Atlanta, presented a report on lynchings which was somewhat sensational. He gave starling features upon the increase of crime, urged consideration of the question upon the church, and suggested that as the law was slow, an appeal be sent to the legislature urging action and reminding them of the army of voters presenting the appeal. Judge Hillyer's report and recommendations were adopted.

Hu-man-lic

greatest specialty shoe of the age; greatest name ever given a shoe; greatest shoe for the price. It has required forty years to produce Hu-man-lic shoes; they are all the climax of forty years' manufacturing career; the thinking men of today demand comfort first, durability second, and grace and style next; they get all three harmoniously combined in Hu-man-lic shoes. Try a pair at Shrier's, 216 South Elm street.

Pritchard for Governor.

The republicans in this state are quietly bringing strong pressure to bear on Senator Pritchard to become their candidate for Governor. They say that if he does this, the national administration will stand by him and the party, which at one time appeared to be deserted by the administration.

TUESDAY, APRIL 4, 1899.

THE BOND BILL AGAIN.

Elsewhere we print a card from Mr. R. R. King's agent the squib in this paper yesterday in regard to the Greensboro bond bill. We will state just here that the Telegram is not alone in its belief that "there are influences at work to kill the bond issue and thereby prevent a possibility of city ownership of the water works and lighting plant." There are more than one reason why such a belief is prevalent. Mr. King says the company is willing to sell "at a fair price." The city, however, will not fix what the company thinks is a "fair price." Any man or corporation is always willing to sell at their own figures. The water company has a good piece of property, one that is supposed to be paying a handsome interest on the investment. The city (and we are not speaking for the officials, but for the private citizen) does not want the company to sell at a sacrifice, neither does it want to pay an exorbitant price.

But the question under consideration is as to the legality of the bond bill. It is the opinion of eminent legal authorities that there are no legal obstacles in the way. An attorney, in whom the people have great confidence, drew the bill. With these facts in view, if there are no "influences" at work to defeat the same, why is an effort being made to create a doubt in the minds of the people as to the safety and legality of the proposed bond issue? And who is making that effort? And if it is not made to "prevent the possibility of the city ownership of the water works and light plant" why is Mr. King (who represents both) so quick to controvert the statement that "we believe such influences are at work?" His name was not mentioned and but for his statement, the people would have been left to presume that the "influences" came from persons who are simply opposed to "city ownership" on general principles.

WE'RE IN THE FIGHT.

In her rivalry with Russia, England and Germany for the control of the earth the United States must keep up with the procession. It won't do for us to get left. We must not stand upon expenses at all—the people can foot the bills. We must add legions of hardy yeomanry to our standing army, and billions of money to our navy. Great fleets of seagoing battleships and immense bodies of trained soldiers must be ready at a moment's notice to fly to the ends of the earth and cope with the warriors of Europe. We have entered upon a career of conquest and must not hesitate at anything that will serve to make us master. Money, tears, blood—these are small things compared with our great scheme. And the thought that upon some future day the historian will write of the "Rise and Fall of the American Republic"—hang the weak-kneed traitor that suggests it.

We are in the race and have got to hold up our end—or get licked, that's all.

COPIOUS ENGLISH.

Mr. Henry W. Blount, the silver-tongued orator and philosopher of Wilson, delivers himself as he would of some gilt-edged rhetoric upon the beauty of Easter Sunday and the appropriateness of the weather to the occasion. But the piece of dizziness has a tinge of hyperbole not in keeping with the real state of the atmosphere on last Sunday, unless the day at Wilson was much more radiant than the one we had here.

"The glorious anniversary of our Saviour's resurrection was most fittingly and most beautifully observed in Wilson on Sunday by our several churches. The clouds which had hung over the sky during the night had all drifted away, and their shadows had been entombed in a God-built pyre of Heavenly radiance. So radiant was the day that it seemed as if the celestial artillery had placed in position

their finest batteries of brilliancy, and were firing into the bosom of the earth their sharpest missiles of richest radiance, making every object glisten and sparkle with their quivering coruscations. Yes, bolts of dazzling radiance came flashing down and the white earth was aglow with splendor and glory, and everything spoke of a new life and a new hope and a resplendent existence. Sweet throated birds, with tongues throbbing with strains of purest music were in sweetest concert and every twig was entwined with a wreath of song. All hearts were attuned to the rhythm of the glorious day, for there was inspiration in everything, for all objects that greeted the eye spoke of joy and freshness and purity and beauty and the glory of a resurrection. In all the churches the services were very appropriate and the music was very inspiring and soul-lifting. All things were in harmony with the day so full of hope and comfort for all believers, the day that witnessed a mighty triumph over death and the grave, and taught the truth of resurrection of the body, and the newer and sweeter life so beautifully and so eloquently typified in bursting buds and springing grass and blooming flowers.

The spring poet who has been lingering and longing for an inspiration to write should now find it in dead easy with the beautiful snow to aid him.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free. Regular size 50 and \$1. Every bottle guaranteed or price refunded.

A FALSE ALARM.

Chimney Burning Out on East Washington Street Calls the Boys.

An alarm from box 34, near the railroad on East Washington street, called the firemen out at about 9:45 o'clock this morning. The Eagle and Protector hose companies responded almost immediately, the former's wagon reaching the scene of the supposed fire about half a minute in the lead. The firemen ran to the scene in a hurry, spattering the detestable but ever-present mud all over themselves, while the snow and rain beat them in the face. And when they got there, the chimney had been nicely burned out, for that was the cause of alarm—the accumulation of soot in a chimney at 419 East Washington having caught fire. The hook and ladder truck started to the fire, but the little mules could not strike a trot and the H. and L. boys didn't get all the way.

MRS. HOESEK-EPER:
Please permit us to ask you a very pointed question: Have you a Universal Food Chopper? By this we do not mean a meat grinder, but a Chopper, which takes the place of chopping bowl and beater.

It chops meat, of course, but it does more. You can chop ham, cocoanut, or bread instead of grating it. You can—but we can't tell it all here. Our booklet gives full information free. You will have use for it every day in the year. It is very simple and very cheap. Please call and let us show it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
